

Easter dance challenge

We know that our students love to create their own routines, now they can again with our Easter dance challenge. Parents - to have a bit of Easter fun cut out the eggs and get hiding them around the house and garden. Students - once you have found all 6 eggs, choose your favourite song then follow the eggs in numerical order to create your own choreography.

Film your dance and then submit your entry by following the instructions above. Closing date for entries is Friday April 17th. The winning entry will be announced on Sunday April 19th on our social media pages.
